

**AFRICAN METHODIST
EPISCOPAL CHURCH**

THE DIGITAL ARCHIVES

WWW.AME-ARCHIVES.ORG

**PRESERVING OUR HISTORY ONE
SUBMISSION AT A TIME**

The A.M.E. Church Digital Archives will preserve the great traditions and achievements of the denomination by digitizing Church information.

ORGANIZED FOR EFFICIENCY

By using archival sciences, A.M.E. Church history will be categorized and organized for simplified viewing and statistical analysis.

SIMPLE ACCESS TO DATA

With a simple access account, Church Administrators and Laypersons can research the history of the A.M.E. Church on a computer and handheld device.

A STRAIGHTFORWARD COLLECTION PROCESS

The database can collect data directly from the website. This process of submission has proven itself to be secure and efficient. In order to prevent duplication and errors, trained historians will review your submission and properly cite your sources.

WHERE DO I BEGIN?

Browse the website and make an appointment with Dr. Treadwell to get your church archived in the database. Use the contact information below to get involved.
